A note about the presents — while I still remember what they are!

In the first place — they are all local ~~made~~ native hand made articles — Natives of ~~Mor~~ "Morroc"! I tried to get something useful as long as I was getting — but that remains to be seen!

Everything, practically, is leather — and washable — It may have a peculiar "oder" — but you will know how to get rid of that! — The native tanning methods need a lot of perfection. The list:

2 Hassock covers
2 sofa pillow covers.

Of these — Fred & Marion, Brother & Melba, and you (Ma+Pa) are to have one — ~~so~~ distributed however you see fit — They will all have to be stuffed! These are family gifts! — Would like the 4th one to go to Henry & Phyll for I've owed them something for a long time — whichever would go nicely in their ~~apt~~ apartment!

6 pocket-books! —

(for Sister, Melba, Marion, Lillie, Carol (which you will remail, I hope) — and either Sister

can have the last, making one of each kind — or give it to someone if I've forgotten anyone — Would

say - one for Ma - but I know she couldn't get all her junk in one of them! "Trudie" suggests the larger - more pliable ones as the best!

- 1 pr. Arabic dress shoes -
    Thought Janet could use these as house slippers or something!

2 scarfs: - one for or both for Ma or Sister They are really "veils" but looked like they would make nice lady's scarfs!

3 - centerpieces:
    These are all, of course, hand-made. Don't know what you will do with them, Ma, but that's your worry - not mine. - Give them around if you want to. -

            That's all folks -
    Oh. - I forgot - think the scarfs & etc were placed in the pocket books for shipping purposes - so don't lose them!
